My Portfolio, My Github Account

Web Designing and Web Development:

Skill Sets:

Front-end: HTML, CSS, JavaScript, Bootstrap, AngularJS, JQuery.

Back-end: PHP, MySQLi, Django(learning).

- o Essentially Self studied and self-mastered skills with deep knowledge of concepts.
- o Certified Training Course from Internshala on E-Commerce Website Development.
- o Huge number of self created projects at personal level to ensure best possible practice.
- o I have many Full Stack website projects created by me for various events:
 1. Participated in all the Rajasthan Hackathon events organised by Rajasthan government:1: Jaipur; 2.0: Kota; 3.0: Udaipur;
 2. Determined for selection in Smart India Hackathon 2018.
 3. Also, applying for Google Summer of Code 2018.
- o And I am determined to devote rest of my life to the Computer Science field for the betterment of nation and society.

Application Development:

Skill Sets:

Ionic, Cordova, Phonegap, Android Studios, XML(learning)

- o Specialized for creating cross-platform apps, using Ionic framework.
- o Worked with PhoneGap from Adobe to create apps for various platforms.
- o Learning Android Studios actively and have already created various apps using it.

Graphic Designing:

Skill Sets:

Photoshop, AfterEffects, Premiere Pro, Blender, MakeHuman

- o Created a video for Techfest (2017-2018) IIT, Bombay for their Robowars event.
- o I have created many professional looking pictures and logos using photoshop.
- o Animation videos using blender, AE, Pr can be seen here: [My Creative Cloud Playlist](#).
- o This also includes one of my video created for my College club as the Coordinator.

Motivation and Leadership:

- o I have been the Student Coordinator for my College Club: The Club of Knowledge.
- o I credit myself for organising IIT Bombay's Techfest regional competitions as being the College Ambassador for Computer Science and organised Enigma in my campus.
- o Deep knowledge of 'Shreemad Bhagvad Geeta' and various other Scriptures and follower of Brahmacharya.
- o Time tested Positivity out of real life situations including loss of a precious year.
- o I have served as a Leader in many Academic Projects.
- o Being a follower of captain colol, M.S. Dhoni, I have good experience of working efficiently under pressure.

Communication:

- o Being from Convent School, I am good in English language both written and spoken, which is mandatory in modern world.
- o No matter what, I have always laid emphasis on my mother-tounge Hindi, and I'm proud of it.
- o I have presented my views to the external world many a times; including selling tickets for a charity show, sharing life

experiences before huge audiences etc.

WORK EXPERIENCE

Apart from my personal projects, there are many certification projects under my cap which are already defined for my skills, just to name them they are:

1. Internshala E-commerce project
2. 3 web-app projects for the 3 versions of Rajasthan Hackathon.
3. Self created mobile apps for my own routine uses.
4. Intro Video for Robowars in Techfest IIT Bombay 2017-18.

In terms of leadership:

1. I have been the Student Coordinator of my college club: The Club of Knowledge; wherein we also organised an event with delegates from the Art of Living foundation.
2. As a College Ambassador of Techfest IIT Bombay(2017-18), I have organised the regional competition for computer science branch as Enigma.

As a creative content writer and a blogger, I am handling my facebook page: The Dictionary of Science with almost 700 likes. Along, with that I am also solely handling the Blog site corresponding to my page.

INTERESTS AND FURTHER INFORMATION

- o 3rd rank in General Knowledge Competition.
- o 1st in Badminton Championship.
- o 1st in Relay Race.
- o Hobbies: Book reading, Chess, Competitive Coding.
